## Frequently Asked Questions

### **What is this?**

Daiquiri Divas Delta-9 Daiquiris are non-alcoholic frozen daiquiris infused with Delta-9 THC, available in different sizes and strengths.

### **What is Delta-9?**

Delta-9 THC is one of many cannabinoids produced naturally in the cannabis plant. Our Delta-9 is a hemp-derived cannabinoid and can cause psychoactive effects.

### **Will I get high?**

While every person's metabolism is different, this product is intended and has been proven to give you the same, or better, effects as other hemp-derived Delta-9 cannabis products.

### **Is there alcohol in this?**

No, this is an ALCOHOL-FREE alternative and is not intended to be mixed with alcohol!

### **How long does it take and how long does it last?**

While every person's metabolism is different, customers have seen the onset of effects 15-30 minutes after consuming. Some users reported 45-75 minutes, with a peak around 2 hours, and total chill lasting roughly 4 hours. Results may vary.

### **Will it show up on a drug test?**

While Delta 9 THC, and this product, contain less than 0.3% THC per net weight, yes, Delta-9 does show up on most drug tests that are testing for THC. Please consult your physician.

### **Where is this Delta-9 sourced?**

Our Delta-9 vendor is Dope Daiquiri's out of Houston, TX. Visit our website (DaiquiriDivas.com) and click on Rayne & Kaplan "Menu" pages to view Louisiana Department of Health approved C.O.A. panel for our offered products. Visit DopeDaiquiris.com for additional information.
